

PROFMED

# HEALING@home

In these changing times, healthcare costs are rising for both medical schemes and members, whilst members are becoming more discerning about how and where they receive medical care. Experience and research have demonstrated that specific medical conditions can be safely managed in members' homes, leading to improved recovery and satisfaction rates while significantly reducing healthcare costs.

Profmed has partnered with Quoro Medical to provide Healing@Home services – a revolutionary solution that brings quality healthcare to your doorstep, allowing you to recover in the comfort of your home while maintaining clinical oversight and monitoring.

## WHAT IS HEALING@HOME?

Healing@Home is a technology-enabled solution for acute medical conditions that traditionally require hospital treatment. This solution offers 24-hour clinical oversight and remote monitoring.

Conditions that may be treated at home, include but are not limited to:

- Pneumonia
- Dehydration
- Urinary tract infections
- Cellulitis
- Chronic obstructive pulmonary disease
- Acute exacerbation of asthma
- Syncope/collapse
- Post-surgery care
- DVT (blood clots)
- Stable pulmonary embolism
- Diabetes
- Stable heart failure
- Chronic kidney disease
- Long-term intravenous antimicrobial medications

## WHERE IS HEALING@HOME AVAILABLE?

We are pleased to offer this service to our members in the following regions:

- Johannesburg
- Krugersdorp
- Cape Town
- Pretoria
- Bloemfontein
- & selected surrounding areas
- Durban
- Gqeberha
- Uitenhage
- East London

## HOW TO ACCESS HEALING@HOME?

The application process is quick and hassle-free. Once you and your treating doctor have provided consent, your doctor can complete and submit the application form available at [www.quoromedical.co.za/patient-form/](http://www.quoromedical.co.za/patient-form/). From there, Profmed and Quoro Medical take care of the rest.

## WHY CHOOSE HEALING@HOME?

As a Healing@Home member, you will benefit from the following:

- 24/7 remote vital signs monitoring
- Daily virtual visits
- In-person visits by a clinician for the first three days at your home
- Short-term oxygen, medication, wound care, and pathology tests if required.

**These services will be covered under the Risk-benefit, just like an in-hospital stay.**

**Choose to heal at home in comfort through this innovative, patient-centred, value-based benefit.**

**Your well-being is our priority.**

These benefits are subject to ratification by the Council for Medical Schemes. This published Schedule is subject to the rules approved by the Board of Trustees and in the event of a dispute the approved rules of the Scheme will prevail.

All benefits are subject to the PMB legislation. The rules contained in the Schedule of Benefits will prevail.
